PROFILE SUMMARY

Creative Front-End Developer with experience in providing high-impact web solutions, systems analysis, website design, and application integration for diverse industry organizations. Proven ability to blend the art of design with the skill of programming to deliver an immersive and engaging user experience through efficient website development, proactive feature optimization, and relentless debugging. Skilled in designing, developing, and testing multiple web-based applications incorporating a range of technologies. Expert in advanced development methodologies, tools, and processes contributing to the design and rollout of cutting-edge software applications. Demonstrates refined ability to learn and master new technologies, working independently or in a team, with special expertise in front-end development and solutions design. Proficient in software tools including HTML5, JavaScript, Python, Django, CSS, React, Git, Tailwind-CSS, and Next.js, among others.

CORE COMPETENCIES

- Front-End Development
- Client Requirements Definition
- Testing/Troubleshooting
- Programming & Designing
- Web Development
- Quality Assurance
- Project Management
- New & Emerging Technologies
- Algorithms & Debugging
- Web Services/Web Tools
- Database Design & Management
- User Training and Support

PROFESSIONAL EXPERIENCE

Full Stack Intern – Zuri Team   **May – August 2022**

- Executed and contributed to full-stack web development projects, with an emphasis on front-end features, browser manipulation, and cross-browser compatibility.
- Delivered engaging and visually compelling web designs with user-friendly UI that are cross-browser compatible and mobile responsive.
- Streamlined a development process that improves efficiency and ensures high quality and easy-to-manage end product.
- Developed fully functional responsive prototypes based on Business Requirements using HTML/HTML5, CSS3, JavaScript and jQuery.
- Provided internet-related services, including website design, front-end web development, domain name registration, web hosting, and search engine optimization/submission.

Front-End Development Intern – Sidehustle.inc   **April – May 2022**

- Created and maintained the front-end standards document and oversaw production of JavaScript, HTML, and CSS.
- Prioritized issues based on impact, documented the solutions and provided the highest quality of customer service.
- Worked closely with programmers to design tools and sites that were functional and aesthetically.
- Developed front-end code in a timely and high-quality manner while ensuring a consistent look and feel.
- Designed, tested, and maintained scalable and stable web solutions that meet business needs.

OTHER EXPERIENCE

- **IT Personal** – Aero Contractors   **December 2019 – January 2020**

EDUCATION

- **Bachelor of Science in Metallurgical and Materials Engineering –** Federal University of Technology, Owerri   **In View**

TRAINING

- **Diploma in Computer Engineering –** United Nations Development Program   **2017**
